

Commuter services updates

Parking Coordinators Meeting
Parking & Transportation Office
June 22, 2023

Agenda

1. Welcome
2. Parking
3. MBTA
4. Shuttles
5. Bikes and other personal wheeled vehicles
6. Parking rates and commuter subsidies
7. Reducing carbon emissions on campus
8. Q&A

Parking

Parking accounts

- Accounts automatically renew on July 1 with caps reset for FY24.
- The parking year is aligned with the Fiscal Year (July 1, 2023 – June 30, 2024).
- Don't have an account? Sign up at parking.mit.edu.

Assigned parking areas

- Please remember to park in your assigned area.
- Not sure which area you are assigned to? View your assigned area at parking.mit.edu.
- View a parking lot area map on the Commuter Connections site.

Relocation requests

- *We are at capacity in most parking areas on campus.*
- Relocation requests are added to a queue; we will notify you by email if space becomes available.

Evening and weekend “all-lots” parking

Throughout the year, Cambridge-based parking account holders may park in most lots on campus at no additional charge after 2:30 PM Monday–Friday and all day on Saturdays, Sundays, and MIT holidays.

Keep in mind:

- The following lots are not included: Medical Lot, Ford Lot (E19), 139 Mass Ave Lot (front), Hayward Garage, and lots at Childcare Centers.
- Parkers must continue to comply with signage for reserved, electric vehicle, and accessible parking spaces.
- Off-campus parking can only be accessed by employees assigned to those garages.

Summer Special: All-lots access all day, every day!

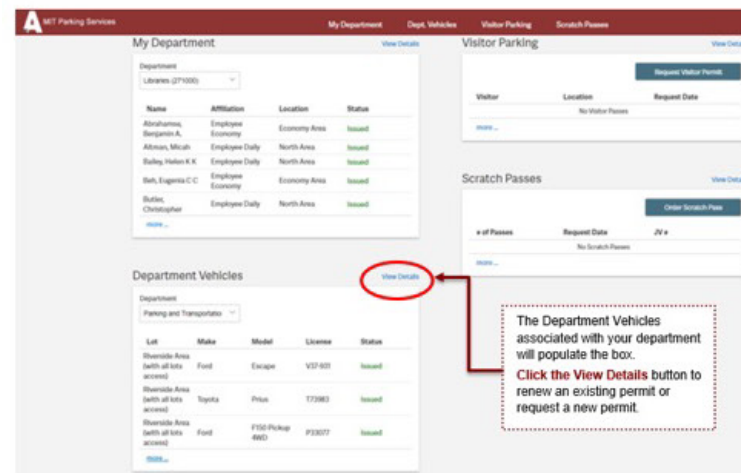

- To take advantage of projected lower parking lot occupancies during summer months, we are offering “all-lots” access to parkers all day every day from **Monday, June 12 through Friday, September 1, 2023**.
- Rates and parking fees continue to apply; no overnight parking.
- **Tuesday, September 5:** Return to assigned parking areas during weekdays.
- The lot exclusions noted above apply to this expanded summer access program.
- **This is a pilot program.** We will monitor lot capacities and may end the program sooner if necessary.

Department Vehicles

Parking Coordinators must renew Department Vehicle accounts annually **on or before July 1**, the start of the parking year.

Renew your department vehicle permits

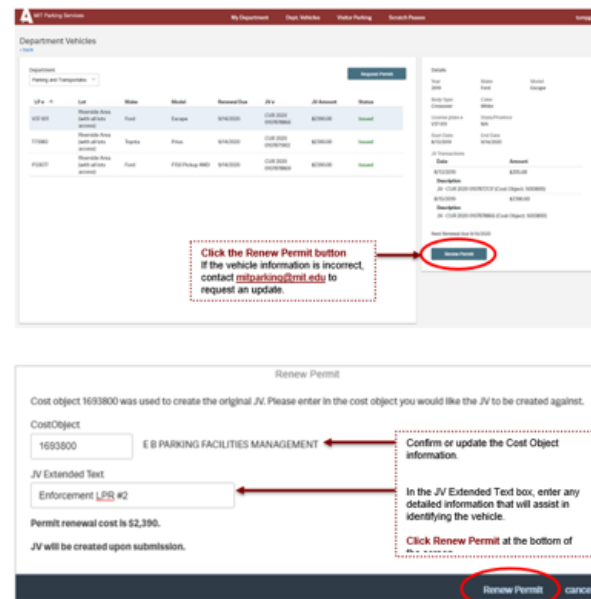

Access the Parking Coordinators dashboard at <https://parking.mit.edu/manage/>
View the list of your department vehicles in the Department Vehicles box.
If you manage more than one department, use the drop-down list to select a department.

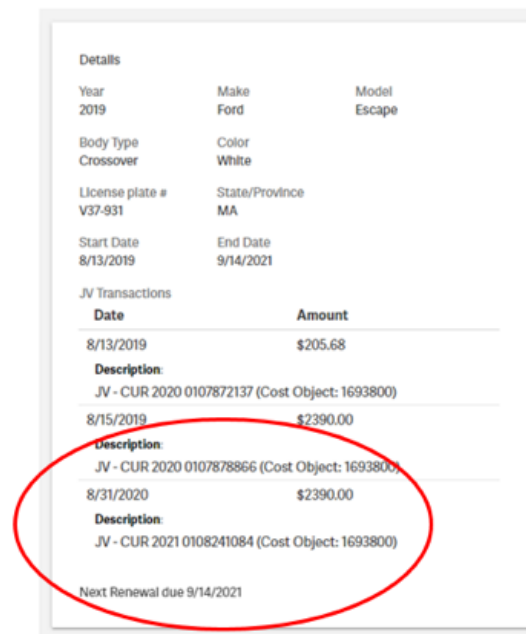

Renew permit

Click on each vehicle to display and review the vehicle details, including the current JV information.

Click the Renew Permit button at the foot of the Details box.

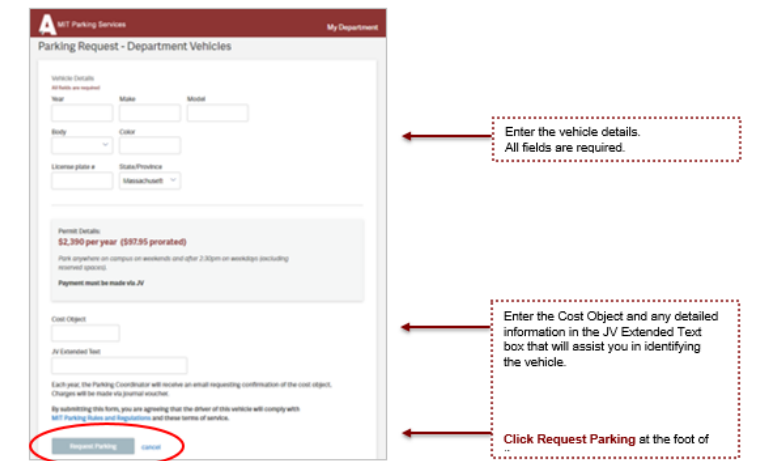

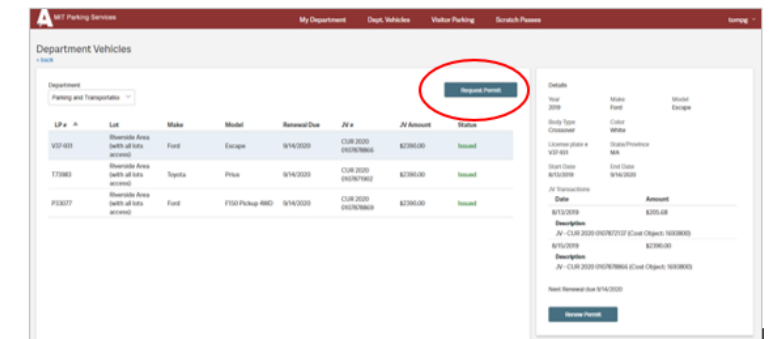

The Details box will then show the updated information.

Complete the same process for each vehicle.

Request a permit

If you are adding a vehicle to your fleet, click the Request Permit button at the top of the screen.

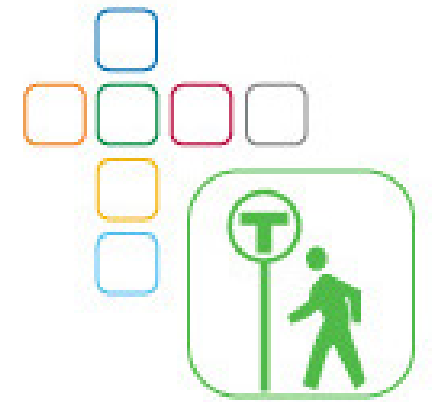

Complete the same process for each new vehicle.

Once approved by the Parking & Transportation office, the new vehicle will show in your list.

Instructions: mit.edu/facilities/transportation/docs/DVRI.pdf

What's new: MBTA 10-Ride Pass

Benefits-eligible Cambridge-based MIT employees can purchase up to three 10-Ride Passes per month, and MIT will subsidize 60% of the cost.

- **The 10-Ride Pass renews monthly for your selected commuter rail zone** and is available for zones 1A through 10 (similar to a monthly T-pass). *Unlike* the monthly pass, the 10-Ride is for *commuter rail only*.
- **To purchase a subsidized 10-Ride Pass**, participants must go through specific steps that involve installing the MBTA mTicket app and then buying the 10-Ride **through Atlas**. Details available at the link below.
- **The 10-Ride Pass is replacing the MBTA 5-Day Flex Pass** as a subsidized option for MIT employees.

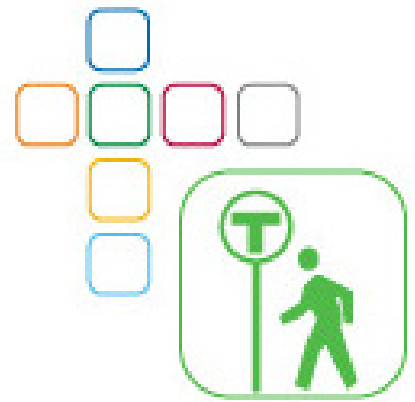

The subsidized 5-Day Flex Pass option will be available through August. *Submit expenses for reimbursement by or before September 15th.*

Why only three 10-Ride Passes per month?

Three 10-Ride Passes give you 30 rides.

If you expect to commute more than 15 days (30 rides) per month, a monthly T-pass is more cost-effective.

MBTA LinkPass and Commuter Rail passes

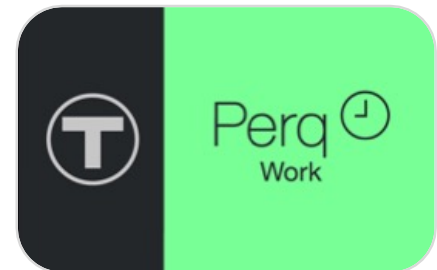

T-pass delivery options:

- **Mail to Home or Work** is available to all employees for convenience.
- **In-Office Pick Up** is available to all program participants.
Pick up at the Atlas Service Center (E17-106) on the last 3 business days of the month.
- Note: 10-Ride Pass tickets will automatically upload to your mTicket app.
- **Confirm or choose delivery method** by visiting your account on Atlas (atlas.mit.edu).

To reactivate or order a pass: Place the order at least one month and one day in advance of the month you need (for example, order by July 30 for a September pass).

To cancel or suspend a pass: Visit Atlas (atlas.mit.edu) by noon on the 15th of the month before the first month you want to cancel or suspend (for example, act by August 15 to suspend September).

LinkPass: If you miss the ordering deadline, a limited number of monthly and semester passes are available at the beginning of the month on a first-come, first-served basis.

MIT shuttles: Summer schedule

MIT shuttles are running on the summer schedules.

Real-time updates for both MIT and EZ Ride shuttles can be found on the **MIT Mobile app**.

Tech Shuttles: Monday–Friday, 6:15 AM–7:45 PM

Boston Daytime: Monday–Friday, 8:05 AM–5:45 PM

On-Demand Shuttles:

- Sunday–Wednesday, 6:00 PM–2:30 AM
- Thursday–Saturday, 6:00 PM–3:30 AM

Grocery Shuttles:

- *Costco, Target:* Sunday, 11:00 AM–4:30 PM
- *Trader Joe's, Whole Foods:* Sunday, Wednesday, Friday - 11:30 AM–4:30 PM

EZ Ride Shuttles: reduced schedule

- 6:20 AM leaves North Station
- 7:30 PM leaves Erie

New Passio GO shuttle tracker

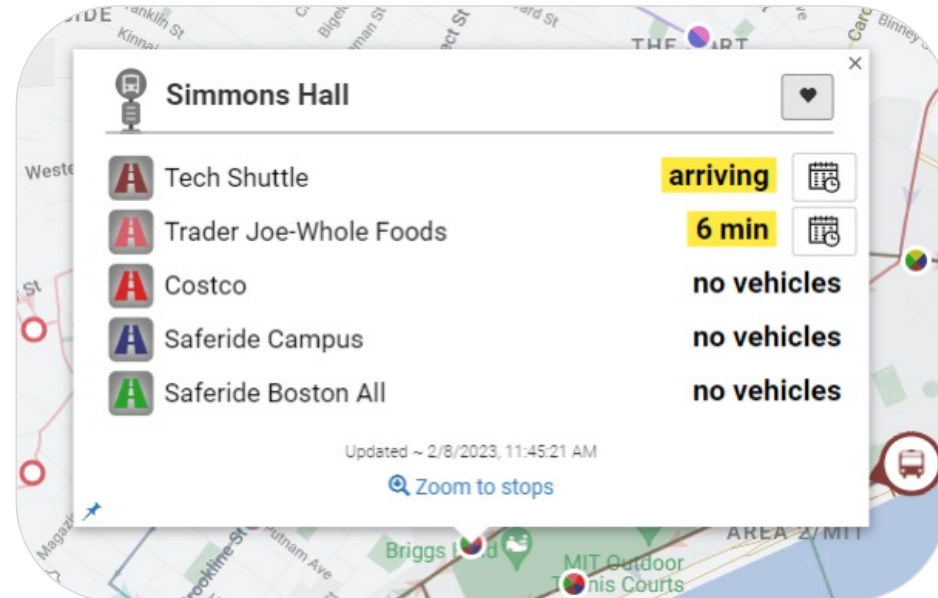

Passio GO 4+
Real time Bus Tracking
Passio Technologies
Designed for iPad
#96 in Navigation
★★★★★ 1.5 • 83 Ratings
Free

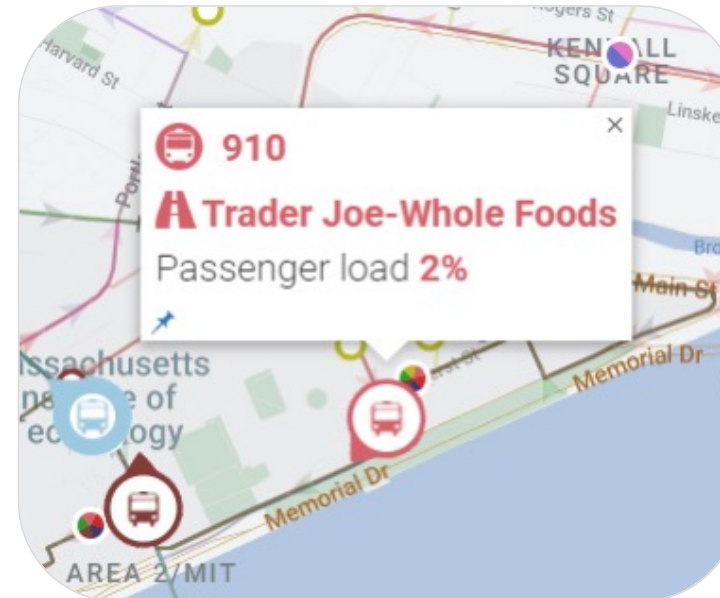

MIT Mobile 4+
Massachusetts Institute of Technology
Designed for iPad
★★★★★ 2.3 • 19 Ratings
Free

Shuttle tracking is available:

- on passiogo.com
- on the Passio GO app (iOS or Android)
- through the **MIT Mobile app**

Click on any stop to see which shuttles are arriving – and when they will arrive.

Click on the shuttle icon to see the percentage of occupancy.

If a shuttle goes off route, its actual location is shown, and its time of arrival is recalculated based on the new route.

Bikes at MIT

\$300 Annual Bike Subsidy (for qualified bike purchases)

- Available to benefits-eligible MIT employees
- Receipts for 2023 must be uploaded in Atlas by February 15, 2024
- Subsidies for 2023 will be issued by March 31, 2024

Bluebikes

- Current Cambridge-based MIT employees and students are eligible to purchase subsidized annual memberships for \$49 (regularly \$129)

Bike auction

- We host an annual bike auction in the fall semester. Stay tuned for the date.

To register for the annual bike subsidy or Bluebikes, visit vpcssforms.mit.edu

Personal wheeled vehicles

You may have noticed an increase in motorized and non-motorized scooters, skateboards, and other personal wheeled vehicles on campus.

We are working to develop guidelines that respond to concerns expressed over the past year by our community regarding operation and storage of these vehicles on campus.

Goals

- Keep egress pathways clear in classrooms and corridors across campus
- Minimize risk of personal injury or harm
- Align with City of Cambridge regulations (in development)

This is a draft of a poster or AV screen ad.
We're working with a committee to develop guidelines and communications to build awareness of safe practices.

Parking rates

Parking rates are being reviewed by the Transportation and Parking Committee.

We will send an email announcement if rates change.

Current rates will remain in place for July.

Parking account type	Effective since September 1, 2021		
	Cost	Fee	Cap
Employee Daily Rate	\$11.00/day	N/A	\$1995/year
Off-Campus	\$174/month	N/A	N/A
Emeritus Faculty	\$11.00/day	N/A	\$336/year
Student Commuter	\$11.00/day	N/A	\$1300/year
Campus Resident	\$174/month	N/A	N/A
Carpool	\$88/month divided by # people in carpool	N/A	N/A
Affiliate	\$11.00/day	\$11/Month	No cap
Department Vehicles	\$2509/year	N/A	N/A
Visitor passes and scratch cards	\$34/day	N/A	N/A

Commuter subsidies

Commuter subsidies are being reviewed by the Transportation and Parking Committee.

We will send an email announcement if subsidies change.

Current subsidies will remain in place for July.

MIT Commuter subsidy amounts	Current	Cap
MBTA Local Bus / Train (Access MIT)	100%	Unlimited usage
MBTA Commuter	60%	Includes unlimited usage on bus and train
MBTA Commuter Parking	50%	\$100 monthly
Private Transit	50%	\$255 monthly
Bike Reimbursement		Up to \$300 annually
Carpool	50%	Based on 2 or more employees
Vanpool	\$100 /rider/month	
Bluebikes annual fee	\$49	
EZRide	100%	Unlimited usage
Emergency Ride Home	100%	4 events annually
Zip Car (Discounted rate with MIT ID)	\$35	

Reducing carbon emissions on campus

As part of MIT's efforts to eliminate direct campus emissions by 2050, our team is collaborating with the Office of Campus Planning, Campus Construction, and MITOS on projects to augment our electric vehicle infrastructure.

Campus shuttle buses GOAL: Convert to zero-emission vehicles by 2026

- Issued an RFP to 10 vendors and aiming to award the contract this summer
- Evaluating and planning infrastructure needs in our shuttle lot
- Hoping for arrival of first electric shuttles late 2024, pending production timelines

Campus car-charging GOAL: Triple the number of charging spaces by 2026 (from 120 to 360 - a 200% increase)

- 2021–2022: added 31 spaces
- **2023 goal:** add 88 spaces in various lots
- 2024–2026: Mapping out plans, taking into consideration demand on campus

Learn about the on-campus commitments to reduce carbon emissions as part of *Fast Forward: MIT's Climate Action Plan for the Decade*:
