

Unified Homework and Lab Turn-in Information

- Unified Homeworks and Labs will be turned in to bins placed outside the unified TA office.
 - **Homeworks are due on Fridays at 9am**
 - **Labs are due on Thursdays at 9am**
-

Important notes about homeworks:

- Please **do each homework problem on a separate sheet of paper**. Each homework problem will be turned in to a different bin.
- For example, problem M1 will be turned into the bin labeled "M1", problem F2 will be turned into the bin labeled "F2", ect.
- Clearly **indicate who you worked with** on *every* question you turn in
- **Box your answers** and important intermediate steps
- Be sure to **include units** at every step (intermediate and final results) while solving a problem.
- Each homework comes with a 'time spent' sheet. Please fill these out and include your name on them.
- **Be neat!** The TAs would like to the homeworks to be legible, if your work or name cannot be read you may not get full credit.
- Homeworks will be returned to you via your folders in the Unified lounge
- If you feel a problem was unfairly graded, please fill out a re-grade form and return it to the appropriate re-grade mail box (one for each subject, ie. F1-2, goes to fluids box). A different TA will re-grade your problem. (mailboxes are to the right of the Unified TA office door when you are facing the door.) The new grade will replace the original regardless of if it is increased or decreased.
