You are in a coffeeshop

Leave for the bathroom

What do you do with your laptop?

People don’t do a good job of watching your stuff
Who do you trust?

When surveyed most people admit to only superficially watching other people’s stuff.

One in ten laptops stolen.

Can we get a tight seal?

Vertical force capability

Prevent Lateral motion

Prevent tampering with suction
Vertical Force

Initial plan to use vacuum

Found suction alone could withhold over 25 lbs of force
Protecting the Lock
Protecting the Lock

- Locking mechanism
- Rubber
- Plastic protective casing
- Suction cup
Is this Feasible?

We think yes
