2.009 Product engineering processes coming up

tutorial

5 PM in Papplardo, UI design

feedback

team-specific comments from me are on the website please read them!
other staff today through 5 PM Saturday
2.009 Product engineering processes

coming up

design review on Monday

    schedule online

other items

    peer review 3, team review B
    tech review timesheet, notebook reflection
    schedule a set discussion time on Tuesday
2.009 Product engineering processes
peer reviews

please keep in mind…
write constructively
and be thoughtful about unconscious bias
is there systemic difference in comments written for differing groups?

plan for Killian: video for final presentations

place backpacks by the columns out of sight

gather with your teams on the steps, wearing hard hats & pom poms

i) entire class on steps
ii) each team cheering in isolation (line up in 16:9 formation)
iii) entire class running from lobby 10 steps to memorial drive
iv) continue with the rest of your day (team discussion?)
Now off to Killian!
