Informed Consent Form:
Understanding Your Participation in this Study

Purpose
MIT2.009 is asking you to participate in a research study. By participating in this study, you will help students inform the design of a product, by sharing information about analogous experiences.

Procedure
In this study, we will be talking about your attitudes, motivations and perceptions about different experiences. The session will last about ____________.

Recording
We will be making an audio/video recording of the conversation. The recording will only be used by MIT2.009 students who are analyzing the data for project team purposes. The recordings will not be shared or used for any other purposes.

Confidentiality
Your name will not be identified with the data in any way.

Risks
There are no foreseeable risks associated with this study.

Breaks
If you need a break at any time, just let us know.

Withdrawal
Your participation in this study is completely voluntary. You may withdraw from the study at any time without penalty.

Questions
If you have questions, you may ask now or at any time during the study.

By signing this form:
You indicate that you agree to these terms and you give your permission to MIT2.009 to use your voice and verbal statements for the purpose of providing input into designing a product. Your name will not be associated with the data and use of the recordings will be limited to product development efforts.
