

1. Enter onto a roof. Large drop between buildings in the center. Roofs connect along edges of the room. Everybody is surprised! Wind gusts

2. Look! Somebody spots something in the far corner... looks like a pile of ropes.

3. In order to get to the corner they must sneak along the edge of the roof holding onto the windows.

4. They find an SOS beacon and plans on the wall on how to install it. The thing in the corner is a pile of ropes.
