SAFETY DATA SHEET

Order Number

Customer Number

Identification of the substance/preparation and of the company/undertaking 1.

Product name

Cytochalasin D, Zygusporium mansonii

Catalog #

Chemical formula

C30H37NO6

Supplier

EMD Biosciences, Inc. 10394 Pacific Center Court

San Diego, CA 92121 (858)450-5558/(800)854-3417

FAX: (858)453-3552

Synonym

cytochalasin d: zygosporin a

Emergency telephone

Composition / information on ingredients

Substance/Preparation

: Substance

Chemical name*

Cytochalasin D, Zygusporium mansonii

CAS No. 22144-77-0

EC Number 244-804-1

Symbol

R-Phrases

T+

R27/28, R61

Hazards identification 3.

Physical/chemical hazards

: Not applicable.

Human health hazards

: DANGER!

MAY BE FATAL IF ABSORBED THROUGH SKIN OR IF SWALLOWED.

MAY CAUSE BIRTH DEFECTS BASED ON ANIMAL DATA.

MAY CAUSE DAMAGE TO THE FOLLOWING ORGANS: LIVER.

First-aid measures 4.

First-Aid measures

Inhalation

: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Ingestion

: If swallowed, do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention immediately.

Skin Contact

In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.

Eye Contact

Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.

Effects and symptoms

Ingestion

: Extremely hazardous in case of ingestion. May be fatal if swallowed.

Skin Contact

Extremely hazardous in case of skin contact (permeator). Severe over-exposure can result in death.

Aggravating conditions

Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or many human organs.

Fire-fighting measures 5.

Flammability of the Product

: May be combustible at high temperature.

Extinguishing Media

Suitable

SMALL FIRE: Use DRY chemical powder.

LARGE FIRE: Use water spray, fog or foam. Do not use water jet.

Hazardous thermal (de)composition products

These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...).

Special fire-fighting procedures

: Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.

Protection of fire-fighters

: Be sure to use an approved/certified respirator or equivalent.

Catalog #

250255

Page: 1/4

6. Accidental release measures

Personal precautions

: Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self-contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

Small Spill and Leak

Use appropriate tools to put the spilled solid in a convenient waste disposal container.

Large Spill and Leak

Stop leak if without risk. Do not get water inside container. Do not touch spilled material. Use water spray to reduce vapors. Prevent entry into sewers, basements or confined areas; dike if needed. Eliminate all ignition sources. Call for assistance on disposal.

Handling and storage

Handling

: Keep locked up. Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. Avoid contact with skin. Wear suitable protective clothing. If ingested, seek medical advice immediately and show the container or the label. Keep away from incompatibles such as oxidizing agents, acids, alkalis.

Storage

: Keep container tightly closed. Keep container in a cool, well-ventilated area. Do not store above -20°C (-4°F).

Packaging materials

Recommended use

: Use original container.

8. Exposure controls/personal protection

Engineering measures

: Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

Hygiene measures

: Wash hands, forearms, and face thoroughly after handling compounds and before eating, smoking, using lavatory, and at the end of day.

Ingredient Name

Cytochalasin D, Zygusporium mansonii

Occupational Exposure Limits

Not available.

Personal protective equipment

Respiratory system

 Dust respirator. Be sure to use an approved/certified respirator or equivalent. Wear appropriate respirator when ventilation is inadequate.

Skin and body

Lab coat.

Hands

Gloves.

_

Safety glasses.

Protective Clothing (Pictograms)

9. Physical and chemical properties

Physical state

: Solid. (Solid powder.)

Color

White.

Molecular Weight

: 507.6 g/mole

Melting Point

: Decomposition temperature: 260.05 to 267.05°C (500.1 to 512.7°F)

Solubility

Not available.

Flash point

Not available

Explosive properties

: Risks of explosion of the product in presence of mechanical impact: Not available. Risks of explosion of the product in presence of static discharge: Not available.

10. Stability and reactivity

Stability

: The product is stable.

Conditions to avoid

Sensitive to light.

Materials to avoid

: Reactive with oxidizing agents, acids, alkalis.

Hazardous Decomposition Products

: These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...).

Toxicological information

RTECS #

: GZ4850000

Local effects

Skin irritation

Not available.

Acute toxicity

LD50: Not available.

LC50: Not available.

Chronic toxicity

Repeated exposure to a highly toxic material may produce general deterioration of health by an accumulation in one or

many human organs.

Other Toxic Effects on Humans

Toxic for humans or animal life.

Extremely hazardous in case of skin contact (permeator), of ingestion.

May cause congenital malformations in the foetus.

Not available.

Specific effects

Carcinogenic effects

Classified None. by NIOSH.

Mutagenic effects

Not available.

Reproduction toxicity

Not available.

Teratogenic effects

Classified POSSIBLE for human.

Ecological information 12.

Ecotoxicity

Toxicity of the Products of Biodegradation

The products of degradation are less toxic than the product itself.

Disposal considerations

Contaminated packaging

Methods of disposal; Waste of residues; : Waste must be disposed of in accordance with federal, state and local environmental control regulations.

15. Regulatory information

EU Regulations

Hazard symbol(s)

Classification

Risk Phrases

R27/28- Very toxic in contact with skin and if swallowed.

R61- May cause harm to the unborn child.

Safety Phrases

S3/7/9- Keep container tightly closed in a cool, well-ventilated place.

S22- Do not breathe dust.

S36/37/39- Wear suitable protective clothing, gloves and eye/face protection.

S45- In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

Contains

: - Cytochalasin D, Zygusporium mansonii

U.S. Federal Regulations

TSCA: No products were found.

SARA 302/304/311/312 extremely hazardous substances: No products were found. SARA 302/304 emergency planning and notification: No products were found.

SARA 302/304/311/312 hazardous chemicals: Cytochalasin D, Zygusporium mansonii SARA 311/312 MSDS distribution - chemical inventory - hazard identification: Cytochalasin D, Zygusporium mansonii.

Delayed (Chronic) Health Hazard

SARA 313 toxic chemical notification and release reporting: No products were found.

Clean Water Act (CWA) 307: No products were found. Clean Water Act (CWA) 311: No products were found.

Clean air act (CAA) 112 accidental release prevention: No products were found. Clean air act (CAA) 112 regulated flammable substances: No products were found. Clean air act (CAA) 112 regulated toxic substances: No products were found.

HCS Classification

CLASS: Highly toxic. CLASS: Target organ effects.

State Regulations

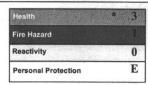

WHMIS (Canada)

: CLASS D-1A: Material causing immediate and serious toxic effects (VERY TOXIC).

No products were found.
