NAVAL OFFICERS THINK THE MAINE WAS DESTROYED BY A SPANISH MINE.

George Easton Brown, the Journal's special correspondent at Havana, cables that it is the active opinion of many Spaniards in the Cuban capital that the Maine was destroyed and 258 of her men killed by means of a submarine mine, or fixed torpedo. This is the opinion of several American naval authorities. The Spaniards, it is believed, managed to have the Maine anchored over one of the harbor mines. It was connected to the mine with a regular submarine cable, and it is thought the explosion was caused by sending an electric current through the wire. If this can be proved, the Spaniards will be shown to the fact that they wanted to bring the main cable along all the main and acted for the side. The Spaniards were in the picture about the time the main cable was laid.

STRIKE CALLED

ALL UNIONS TO GO OUT

ANNOUNCEMENT OF STRIKE

A general strike of all the union workmen in Seattle was decided upon definitely at a meeting held in the Labor Temple Sunday, February 2, 1919, when the date for the general strike was set for 10 a. m. Thursday, February 6, 1919.

Plans are perfected by the workers to lead the strikers and public at places which will be announced later by this committee. The plans, as outlined by a committee of the culinary trades, will insure the strikers and public in general no hardships or privations so far as having suitable places to eat are concerned.

A committee has been appointed to visit the Metal Trades and Central Labor Councils of Tacoma, who had decided to call a general strike for Tuesday, February 4, at 12 o'clock noon, to prevail upon them to postpone action until Thursday at 10 a. m., so as to act simultaneously with the Seattle Unions, thereby effecting a total front, including the metal tradesmen in their demands.

SIXTY THOUSAND TO RESPOND TO CALL

At 11 o'clock next Thursday morning 60,000 organized workers in the city of Seattle will stand shoulder to shoulder in the first general strike that has ever been successfully inaugurated in the history of this country. Instantly and contemptuously Mr. Charles Fox and his labor-sneaking shipping board threw down the defiant gauntlet which has now been taken up with a firmness of resolution and a solidarity unmatched in the annals of the American labor movement.

The workers of the movement believe that they have been deceived and misled by Fox and his fellow labor-baiters, that they have been deceived and misled by the politicians, both state and federal, and they have resolutely granted the only reason ever which they have any direct control, determined to make a fight that will demonstrate whether or not they have the power to answer the justice that has been denied them by industrial, business and honorless agents.

NO CONSTRUCTIVE LEGISLATION YET

Seattle, Wash., Feb. 4.—The workers of the city of Seattle are today in a state of high indignation over the action of the shipping board in throwing down the defiant gauntlet to the labor movement. The workers believe that they have been deceived and misled by Fox and his fellow labor-baiters, that they have been deceived and misled by the politicians, both state and federal, and they have resolutely granted the only reason ever which they have any direct control, determined to make a fight that will demonstrate whether or not they have the power to answer the justice that has been denied them by industrial, business and honorless agents.

RESCUING A NEGRO DURING THE RACE RIOTS IN CHICAGO

The Negro seen in the picture was, it is said, pursued by a mob and ran to the mounted policeman shown at the left, who kept the mob at bay until other officers arrived on the scene. This Negro was armed for defense; the policeman at his side is shown in the act of taking a weapon from his hip pocket.
