Design Project Errata

6.033 2016
Last update: 3/31/2016, 3:10pm

3/16 3:10pm Added new DP requirements.

3/14 5:00pm Specified that heartbeats do get their own meta value.

3/14 12:00pm Clarified that the word-limit is approximately 2000 words.

3/8 1:00pm Clarified the clients' storage capabilities.

3/8 11:15am Clarified that clients can measure signal strength from the heartbeats, but that your system may not change them.

3/7 11:00am Clarified that “within 500ft of the client” means “approximately within 500ft of the client”.
