

**INFORMATION FOR SIGNING UP FOR MASTERING PHYSICS
8.02 Spring 2012**

There will one 8.02 Mastering Physics Assignment per week.

IT IS ONLY FOR PRACTICE AND WILL NOT BE GRADED.

It is recommended that you finish it by Thursday at 11:00 pm

The mastering physics webpage is

<http://www.masteringphysics.com>

**The Mastering Physics Course ID for 8.02 Spring 2012 is
MPDOURMASHKIN46480**

There may be a problem logging into MP on a MAC using Internet Explorer as a browser. The appropriate version of FireFox or Safari on a MAC works ok.

Once you have purchased Mastering Physics and registered enter

MPDOURMASHKIN46480

in the “Course ID” field. If you have an existing account, your MIT student ID should already exist in the “Student ID” field. If not enter it again. Otherwise, enter your MIT student ID in the “Student ID” field. Hit “Save” (evidently this program only saves one of the two pieces of information at once, so you may have to enter one of these twice and hit “Save” again). You will now come to the Mastering Physics page for 8.02 Spring 2012.

Hit “Assignment List” in the top left navigation bar and you will see the assignments. Start with the **MP 1 Electric Fields and Introduction to Mastering Physics** which will familiarize you with how MP works. You should do this exercise even if you have worked with MP before, because some of the procedures may have changed.
