

BioSym Workshop: Celebrating 10 Years of Excellence in Science and Technology

23rd October 2018

3:00 pm – 8:00 pm

CREATE Seminar Room and
Enterprise Wing Lounge (2nd Floor Foyer)

After 10 years of collaborative interdisciplinary research, Bio-Systems and Micro-Mechanics (BioSym) IRG has produced groundbreaking technologies, scientific discoveries, and a rich pool of talent with diverse backgrounds. Join us at this networking event and find exciting ideas, novel devices and systems, and meet the people spearheading the efforts.

Keynote Talks:

Roger Kamm, MIT, and Harry Yu, NUS

Overview of research and innovation:

Microfluidics; Optical Instrumentation; Bio-Imaging; Bio-Film;

Stem Cells; and Cancer

Posters and Live Demonstrations

Networking Dinner
