Hi Undergrads,

I hope you had a relaxing Spring Break. We have tons of exciting news and updates to share with the undergraduate community.

Right before spring break Suzy Nelson released the Food Insecurity Solutions Working Group report. As part of their recommendations on time and access for food, starting today, there will be new hours at Rebecca's in Prichett Dining and Chef Boxes for purchase.

This Wednesday, Bob Millard, the Chairman of the MIT Corporation, and Vrajesh Modi, former UA President and member of the MIT Corporation, are coming to speak at UA Council. The Corporation is MIT's board of trustees and sets the strategic vision for the Institute. If you have any questions you would like to ask them, please fill out this form. As always, Council meetings are 7:30 - 9pm in W20-400 and are open to all undergrads. We hope to see you there!

April is Sexual Assault Awareness Month. Join us next Tuesday at the Student Rally Against Sexual Violence at the Massachusetts Statehouse to support the passage of two bills that will keep our campus safe.

Love,
Kat
The GSC and IFC are gathering a group to go to the Student Rally Against Sexual Violence in front of the Statehouse on April 10th to show support for H.4159 and S.2203: https://www.facebook.com/events/810907702427695/  

H.4159 requires every Massachusetts college and university to administer an anonymous sexual assault climate surveys to their students. S.2203 ensures that the sexual assault reporting and response requirements set by the Obama administration not only stay in place, but are made stronger than ever before.

Join us at the Massachusetts Statehouse next Tuesday in support of these bills!

Daniel Everett, a polyglot academic and renowned linguistics researcher, used to be a missionary. He went to preach to the Piraha of the Amazon Basin. His interactions with the Piraha left him with doubts about his Christian faith. He eventually discarded it altogether, but he kept this to himself; after more than 25 years as a missionary and ordained minister, coming out as an open atheist meant risking his relationship with his family. He will tell his story at Episode 5 of the Secular Society of MIT's Out And Out series. Free refreshments, audience Q&A after discussion. Free entry.
