Amir Tarabay al-Sharifi, 1503-05

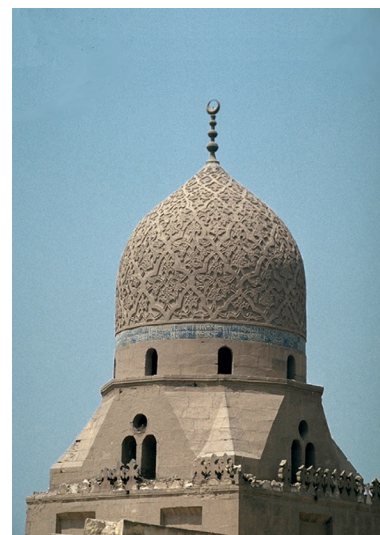

Amir Azrumuk, 1503-05

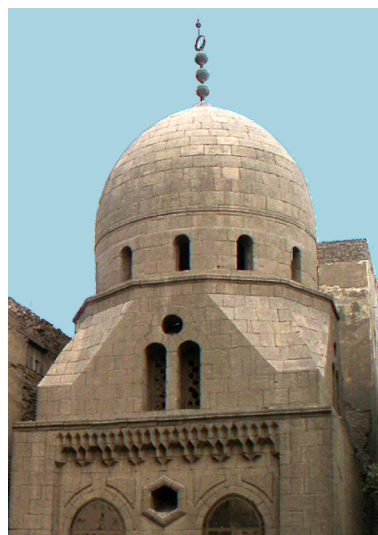

Qurqumas Mausoleum, Qarafa, 1506-07

Amir Ganim al-Bahlawan, 1510

Amir Sulayman, 1544

Ibrahim Agha Jundian, 1593

A workshop sponsored by the Aga Khan Program for Islamic Architecture at MIT **AKPIA@MIT**

OCTOBER 29, 2005

10:00 am to 1:00 pm

2:00 pm to 5:00 pm

MIT 6-120

This workshop will gather a group of scholars working on the Mamluk domes of Cairo alongside a number of MIT faculty and researchers interested in domical structures. Drawing upon recent archaeological discoveries and new digital techniques of representation, the participants will bring our knowledge of these outstanding domes up to date. The focus will be on their structural inventiveness, the shift in their construction material, and the incremental complexity in their decoration, as well as their architectural and urban significance.

Event is free and open to the public. Please contact us by e-mail akpiarch@mit.edu or phone 617-253-1400. <http://web.mit.edu/akpia/www/symposiumdomes.html>
