

Down in your Hang Outs of Market Street 1999
Poster Kiosks on Market Street
San Francisco CA

Six poster images reproduced four times each and displayed in kiosks on Market Street as part of the San Francisco Art Commission project "Art In Transit." The posters were produced in collaboration with Michael Loggins a student at Creativity Explored an art center for developmentally disabled adults. Extensive site visits to Market St. were done with Michael to develop the text and drawing for the posters.
