**Corporation Development Committee**

The Corporation Development Committee (CDC) focused on building the pipeline of prospective donors for the campaign in FY2013. This included qualifying potential alumni prospects, identifying unaffiliated friends who share an interest in MIT’s mission, and advancing ongoing cultivation efforts in this nucleus phase.

Global expansion was also a top priority in FY2013 to ensure CDC representation in areas outside the United States that are home to significant concentrations of alumni and donors. Founding members were recruited in three key locations—London, Hong Kong, and Brazil—and have been paired with domestic members who are serving as peer resources in developing these first international chapters. Seven members were also added to the eight domestic regions, each bringing unique skills, backgrounds, and industry affiliations.

Over the past year, CDC members continued to actively manage prospect portfolios in collaboration with Resource Development. Throughout the country, members conducted nearly 200 visits aimed towards securing leadership and principal gifts with their development partners. Additionally, CDC members played a prominent role in approximately 20 cultivation and broad-based outreach events featuring Institute leadership, faculty, and notable alumni.

Members convened on campus for the 2012 CDC Annual Meeting, which was held in conjunction with the inauguration of president L. Rafael Reif, as well as the Alumni Leadership Conference (from September 20–22). Chairman Reed presided over the three-day meeting, which featured:

- A joint luncheon with the Alumni Association board of directors and annual fund board, hosted by Chairman Reed and featuring remarks by President Reif
- Fundraising and financial progress reports by Jeffrey Newton and Israel Ruiz, as well as Institute updates by W. Eric Grimson and Chris Kaiser
- Regional round-table sessions to address priority areas specific to each committee in preparation for the campaign
- Opportunities to interact with undergraduate students who are making a positive impact on local and global communities and graduate fellowship students representing each of the five schools
- The presentation of the 2012 Marshall B. Dalton ’15 Award by 2011 recipient Mark Epstein to longtime CDC member John Jarve for his extraordinary leadership in developing resources for MIT
During their time on campus, the CDC members were honored to participate in the inaugural celebration, including the symposia, delegates’ reception, inaugural ceremony, and inaugural gala.

In addition, CDC members convened across the nation for their spring regional meetings. Each meeting featured a campaign update by Resource Development’s associate vice president and chief operating officer David Woodruff and/or campaign director Robert Scott. Members then participated in strategic planning discussions on how to strengthen the Institute’s base of support by engaging both the alumni and friend communities.

Regional meetings occurred as follows:

- March 6, 2013—Texas
- March 13, 2013—Northern California
- March 14, 2013—Southern California, San Diego
- March 14, 2013—Southern California, Santa Monica
- April 1, 2013—Mid-Atlantic
- April 22, 2013—Florida
- May 1, 2013—New England and Midwest

The CDC will next gather as a whole in Cambridge for their annual meeting in September 2013, which will be followed by another series of regional meetings in the fall. The committee is eager to build on the strong foundation of prospective donors that they are establishing for the campaign and to ensure that their regions are well positioned to fulfill its highest goals in the public phase.

**Executive Committee**

Nine regular business meetings of the Executive Committee took place last year. Among the major topics for discussion were finance and budget; capital planning; international, national, and regional activities; initiatives and developments in education and research; online education; and capital campaign planning.

**MIT Investment Management Company Board**

In June 2004, the Executive Committee recommended and the Corporation approved an amendment to the Corporation Bylaws to establish an internal Investment Management Company as a constituent part of the Institute and to permit its governing body (the Investment Management Company Board) to perform the functions of the Investment Committee. The activities of the Investment Management Company Board for the year 2012–2013 are outlined in the Report of the Treasurer.
Membership Committee

The Membership Committee held three meetings during the academic year to discuss matters concerning membership on the Corporation and nominations to the Corporation’s standing committees and committees of annual recurrence.

Corporation Screening Committee for Nomination of Recent Graduates

In adherence to the Corporation Bylaws, the Screening Committee—in cooperation with the Alumni Association—is responsible for the nominating process for Recent Classes members of the Corporation. The 2012–2013 Screening Committee was chaired by Marta M. Łuczyńska and its members were Raja H. R. Bobbili, Sarah Stewart Johnson, Alia Whitney-Johnson, and K. Anne Street.

The committee reviewed 71 applications for candidacy to serve on the Corporation and interviewed 17 individuals. Eight candidates appeared on the final ballot. Voting took place during April, using an electronic ballot accessed by eligible voters via the Internet. Paul M. Kominers ’12 received the most votes and was elected by the full Corporation in June to serve a five-year term, beginning July 1, 2013.

Three people filled both a presidential nominee slot and an alumni nominee slot.

Women made up 32% of the visiting committee membership, minorities comprised 24%, and underrepresented minorities comprised 8% of the visiting committee membership.

Office Activities and Personnel

In FY2013, the Corporation Office scheduled, coordinated, and facilitated four regularly scheduled Corporation meetings and one brief special meeting, three Membership Committee meetings, three CJAC meetings, and 16 visiting committee meetings.

Kristen Roessel, visiting committee facilitator, provided excellent service in coordinating logistics and support for the visiting committees and assisted in the committee renewal process. Pamela Nedbalek Fraser, Corporation facilitator, assisted in all Corporation meetings, lunches, and dinners. Both are integral members of the team, providing service to our board members and to the many volunteers and visitors who travel to campus in support of Corporation activities. We are grateful for their professionalism and positive spirit.
We also thank Deborah L. Fisher in the Institute’s audit division, who staffs the Risk and Audit Committee, and Andrea Cheng and Corey Smentek in resource development, who assist the CDC. We also recognize the stellar work of Kathleen Mitchell and Glen Cosimo in working with the Executive Committee.
