# *Gut Microbes and Cancer— A Pioneer's Passion*

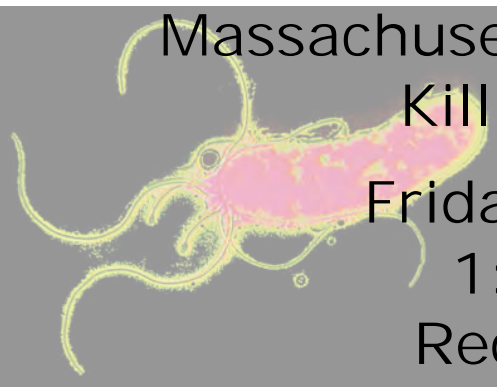

A Celebration of the Life and Work of

# *David B. Schauer*

---

***This symposium celebrates the professional life of Prof. David Schauer, with a focus on the field of microbial pathogenesis. David Schauer's research dealt with the molecular mechanisms evoked by enteric pathogenic bacteria, and how the infections caused by these microbes perturb the gastrointestinal barrier, how they elicit host immune responses, such as inflammation, and how they produce clinically relevant disease.***

Massachusetts Institute of Technology  
Killian Hall (14W-111)

Friday, October 30, 2009

1:00 PM – 5:00 PM

Reception at 5:00 PM
