

Welcome to Bexley Hall

Information for Bexley residents from Bexley residents, Fall 2006

The Rules

1. Freshmen may not smoke pot in the elevators.
2. Bury your own dead.
3. No more rules.

Learn them, love them, live them.

Housing

All incoming students and transfers get freshman doubles, and all freshman doubles all have equal space and facilities. Final rooming assignments for the fall are determined at a housing meeting. There is no room squatting at Bexley. The upperclassmen pick who lives in their suite, so if you want to live somewhere specific, you should contact the current residents of that suite. If you decide you would rather live somewhere else, there will be a readjustment lottery.
