Spring 2018 Candidacy
Term

NATCON 2018 in
Charlotte, NC

Start of SP18 Capital
Campaign

Candidate Training Term 01-18

This month, C-12 launched the Spring 2018 candidacy term, 01-18. There are currently about 10 cadets and midshipmen participating in this candidacy cycle. Over the coming months, cadre will train the candidates to build military excellence both physically and mentally. The company will host a water confidence session led by Navy EOD and SEAL officers where candidates will learn the basics of Combat Side Stroke, buddy breathing, ditch and dons, and what to expect from special warfare schools. Company cadre will also lead trainings in MOUT, self-defense and hand-to-hand combat, land navigation, and more. We are looking forward a great semester of intensity and professionalism.

NATCON 2018

C-12 will send riflemen to the National Convention in Charlotte, NC in early March. We are looking forward to representing the Airborne spirit of C-12 at the convention and connecting with riflemen from around the country!

SP18 Capital Campaign Kickoff!

C-12 has launched its Spring 2018 Capital Campaign to fund our busy candidacy period and the trip to NATCON. Our goal is to raise \$1,000 for equipment updates used in specialized training exercises and to subsidize the cost of NATCON registration and lodging. Any support is greatly appreciated! Donate on the MIT Giving website here:
