

2022 Alternate Safety Training

If you were unable to attend the annual Langer Lab Safety Refresher training on 2/1/22, please take the alternate training as soon as is possible:

1. Go online into Atlas and take the 501w Managing Hazardous Waste **AND** the 204w Bloodborne Pathogens Refresher courses.

To complete, go to: <https://ehs.mit.edu/training/>

Click on "Atlas Learning Center"

Click on link "My Training Needs"

Scroll to your Managing Hazardous Waste or Bloodborne Pathogens course, click on it to open details.

Click on "Begin Course" icon at bottom of screen.

2. Read the attached two slide sets for the lab-specific safety refresher (110c).

3. Email, jlynn@mit.edu and cc: cjbeal@mit.edu, that you read have read these slides so your training record can be credited

Thank you,

Jennifer Lynn and Connie Beal
