We are pleased to announce this year's call for nominations for the ODGE competitive fellowships. Updated information about these fellowships may be found at:

http://odge.mit.edu/finances/fellowships/odgefellowships/

Please see note below regarding the Hugh Hampton Young Fellowship. Please also note that students may not nominate themselves; all nominations must be submitted by departments. The ODGE accepts one nomination per department for each award with the exception of the Ida M. Green Fellowship (see below) and the Endowed Fellowships of the Arab Republic of Egypt. The nomination cover sheet is attached to this message. Please note that fellowship stipend amounts for 2015-2016 may change once Institute RA/TA stipends have been set for FY2016.

As last year, this year's Ida Green Fellowships will be awarded to the following categories of women students:

1) Incoming graduate students from external schools – 9 month full fellowships
2) Incoming graduate students who are currently MIT seniors – 9 month full fellowships
3) Incoming graduate students who are either external or internal candidates – 3 months of summer stipend support only

*Each department may nominate 1 student in each of these categories.*

[Due February 27, 2015 to the CHEME student office]

Nomination packages for each candidate should be sent to the Manager of Graduate Fellowships, Scott Tirrell (stirrell@mit.edu) electronically as PDF files by 5pm on Friday, March 6, 2014. Hard copies will not be accepted.

Awards will be decided in early April, with the exception of the Hugh Hampton Young fellowship. Please note that the Egyptian fellowships are awarded upon the recommendation of the Egyptian Ministry of Finance, and this process may require additional time; we will be in regular contact with departments who have nominees for this fellowship throughout the selection process.

**Hugh Hampton Young Fellowship**

Although the Hugh Hampton Young Fellowship will temporarily remain included in the listing of the ODGE Competitive Fellowships on the website, this year the Hugh Hampton Young Fellowship Committee has asked that a separate call and competition be run for the Hugh Hampton Young Fellowship. This call will be forthcoming with specific criteria and instructions on how to nominate for the Hugh Hampton Young Fellowship. This fellowship will also have a separate deadline and selection process. Please wait for these further criteria and instructions before submitting a nomination for this fellowship.

The Department, as nominator, will be notified first of all decisions; students will then receive confirmation of awards via email and written letter.
