We are pleased to announce Pfizer’s 2010 Summer Student Employment Program. This program was developed to offer employment opportunities to qualified students, enabling them to gain valuable work experience while adding value to the business by providing an opportunity to accomplish necessary work.

Student Application Process

All eligible students must apply online in order to be considered for the program. Students can access the application form at: www.pfizermsp.com/studentapplication. The last date for students to apply will be Friday, March 19th. No applications will be accepted after this date.

Additionally, to be considered in projects within the Pharmaceutical Development Department: send (via email) the student’s resume with a letter of recommendation from a faculty member to: sal.garcia@pfizer.com

Eligibility

- Students must be enrolled in an undergraduate or graduate program for the fall semester of 2010.
- Students must have completed at least one year of undergraduate studies.
- Graduating seniors who will be enrolled in a graduate program beginning in the fall semester of 2010 must provide confirmation of graduate study enrollment.
- Students must be at least 18 years of age prior to their scheduled start date.
- Students who receive offers must pass a drug screen and background check prior to their scheduled start date.
- Students must be legally authorized to work in the US and not require immigration sponsorship at any time.
- High-school students and incoming college freshman are not eligible.

Selection Criteria:

- All positions will be filled via a competitive selection / interviewing process and are open to all applicants. Resumes received will be measured against the specific requirements for the internship opportunity.
- Please note that summer student opportunities are limited and placing students in positions will depend on the number of requisitions received. Unfortunately, we will not be able to find jobs for all interested students.
