Mechanical Engineering Grad Student Seminar

The World of Engineering Consulting

Date: Tuesday, April 5th
Time: 5:30 – 6:30pm (Presentation and Q&A)
Location: 3-133
Speaker: Harri Kytomaa, Ph.D., P.E.
Corporate Vice President
MIT Associate Professor ‘86-'94

Abstract: Considered one of the largest engineering firms in the country, Exponent is dedicated to solving our clients’ important engineering and scientific challenges. With over 20 different practices, Exponent offers a wide variety of career paths for mechanical (and related) engineers. This seminar will provide an overview of the firm, discuss a selection of technical projects, and offer pertinent information to graduate students considering engineering consulting.
