Earn up to $2864/month this summer!

With the ISN/ARMY Labs Summer Intern Research Program *

This program provides opportunities for MIT undergraduate students to conduct research at state-of-the-art Army laboratories working under the direction of Army scientists. Most areas of science and engineering are of interest. Internships typically run from June to August.

As a summer intern, students:
• Gain valuable research experience
• Build new professional relationships
• Access world-class facilities
• Become part of a team that provides new, life-saving technologies.

If you are interested in learning more about this program the first step is to register at the website:

https://isn.mit.edu/internship/index.php

If you have questions about this program, or experience difficulty using any features on website, please contact Marlisha McDaniels- mmcd@mit.edu or the ISN Headquarters, NE47-4thFl. 617.324.4700.

*The Army Lab provides the intern's salary, which typically ranges from $2280/month to $2864/month depending on class year. Under certain circumstances the ISN can provide the intern with a supplement of up to $1500 to defray costs of local accommodations and travel.

The ISN: The mission of the MIT Institute for Soldier Nanotechnologies is to dramatically enhance Soldier protection and survivability through basic research on nanotechnology and collaboration with Army and industry partners to transition promising research into practical capabilities.
