NEW! SUMMER INTERNSHIP OPPORTUNITY FOR MIT STUDENTS
APPLY BY APRIL 15

Interested in international development and technology? Looking for a summer opportunity here in Cambridge or abroad? Check out these new internships offered through an USAID grant that supports the new Comprehensive Initiative for Technology Evaluation (CITE) with the involvement of the MIT Public Service Center (PSC).

CITE-PSC: USAID Community Partner Interns
Undergraduate or graduate students will serve as summer interns with CITE partner organizations, such as Mercy Corps, Kopernik, Partners in Health and Oxfam.

Cambridge-Boston paid internships may be full-time or part-time for 4-12 weeks during the summer. The work will provide support for communities in Haiti, Senegal, and other areas.

Full-time internships for 4-10 weeks are also available in Indonesia and Senegal with Mercy Corps, Kopernik, and other organizations. Travel, accommodations, and living expenses will be covered through an internship stipend.

NEW! SUMMER FELLOWSHIP OPPORTUNITY FOR MIT STUDENTS:
APPLY BY APRIL 15

The new Comprehensive Initiative for Technology Evaluation (CITE) is being developed with grant support from USAID. The MIT Public Service Center (PSC) is teaming with CITE to offer new Program Development Fellowships for summer.

CITE-PSC: USAID Program Development Fellowships offer graduate and undergraduate students the chance to become part of the CITE program development team. Students will work on campus with CITE staff and faculty to develop and implement programming that engages MIT students and others in CITE’s work, which may include a conference, lectures, web site, and more. We’re looking for creative, hard working, organized students to help us develop the events and programs that will make CITE a great success.

The Fellowships offer an hourly stipend for part-time or full-time summer work (10-40 hours/week).
