Research Experiences for Undergraduates 2013

Undergraduates in Engineering:

Are you interested in gaining research experience?

Spend nine weeks this summer performing nanotechnology research in the Cullen College of Engineering - while earning a $5,000 stipend!

Learn how to:

• Define a research problem.
• Acquire and analyze data.
• Summarize findings in a technical report.
• Communicate results through oral presentation.

Application requirements:

• U.S. citizen or permanent resident status.
• Letter of recommendation (1).
• Completed application.
• Unofficial academic transcript. Minimum GPA of 3.0/4.0.

Participants will be selected based on academic record, enthusiasm, and research interests.

Application deadline: March 22, 2013

Applications will be reviewed on a first-come, first-served basis. We encourage early submission.
