IRAN’S CIVIL WARS: Is the U.S. Relevant to Them?

Juan Cole
Historian and Blogger
University of Michigan

Juan Cole is Richard P. Mitchell Distinguished University Professor of History at the University of Michigan. He has written extensively about Egypt, Iran, Iraq, and South Asia. After Sept. 11, he launched a Weblog, “Informed Comment,” in hope of offering the public a more accurate interpretation of the Middle East, where he had lived off and on for almost ten years. Informed Comment became a phenomenon, generating in some months as many as a million page views, and making him one of the top bloggers in the world. Cole is widely respected as a public intellectual on the Middle East and, in 2004, was invited to address the Senate Committee on Foreign Relations concerning the war in Iraq.
