

Review Meeting of Level II Inspections Spring 2012

April 11th, 2012

Cohen Lab

Level II Inspection Findings and Correction

Finding 1 44499: GS-6 There was evidence of eating and/or drinking in the area. (General Safety)

Level II Inspection Findings and Correction

Finding 1 44499: GS-6 There was evidence of eating and/or drinking in the area. (General Safety)

Level II Inspection Findings and Correction

Finding 2 44506: ES-1 Extension cords were not used properly (e.g., daisy chained, used in place of permanent wiring). (Electrical Safety)

Level II Inspection Findings and Correction

Finding 2 44506: ES-1 Extension cords were not used properly (e.g., daisy chained, used in place of permanent wiring). (Electrical Safety)

Level II Inspection Findings and Correction

Finding 3 44507: ES-4: Access to an electrical panel was obstructed. (Electrical Safety)

Level II Inspection Findings and Correction

Finding 3 44507: ES-4: Access to an electrical panel was obstructed. (Electrical Safety)

Level II Inspection Findings and Correction

Finding 4 44505: SAA-4: Tags or labels on chemical waste containers were missing, incomplete, inaccurate or not legible. (Satellite Accumulation Area (SAA))

HAZARDOUS WASTE

NAME OF CHEMICAL (Approximate Mixture Percentages)
Sodium Hydroxide

STATEMENT OF HAZARD (Please Check)
 Ignitable Reactive
 Corrosive Toxic

Bldg./Room # *66-357*
Generator *Justin Kleingart*
PI. *Robert E. Cohen*
Date Container Full _____

Satellite Accumulation areas must be inspected weekly. Keep incompatible waste separated.

HAZARDOUS WASTE

NAME OF CHEMICAL (Approximate Mixture Percentages)
polyallylamine hydrochloride
polyacrylic acid
polyvinyl alcohol

STATEMENT OF HAZARD (Please Check)
 Ignitable Reactive
 Corrosive Toxic

Bldg./Room # *66-357*
Generator *Myron Lee*
PI. *R. E. Cohen*
Date Container Full _____

Satellite Accumulation areas must be inspected weekly. Keep incompatible waste separated.

Level II Inspection Findings and Correction

Finding 4 44505: SAA-4: Tags or labels on chemical waste containers were missing, incomplete, inaccurate or not legible. (Satellite Accumulation Area (SAA))

HAZARDOUS WASTE
