Dear Classmates,

It is my profound pleasure to report the results of our 5th Reunion Gift Campaign. Your contributions—in our reunion year and every year—are important to new generations of students. If you returned to campus for Tech Reunions, you saw that MIT not only continues to expand academic horizons, but strives to enhance the overall student experience through innovations inside and outside the classroom. Whether through UROP or a stroll down the student “street” in the Stata Center, students increasingly find MIT a resource for social and personal growth.

At the heart of the Institute reside the ideals that we and other alumni share and uphold: a commitment to learning; a commitment to creating opportunities for all students regardless of financial circumstances; and a commitment to remaining on the cutting edge of science and technology in ways that enable MIT students and alumni to have a meaningful impact in the world.

As alumni, we give back to MIT because we know that we’re making a difference at both the micro and macro levels. Our contributions influence one student at a time, but also ultimately have an impact upon the world at large. Please join me in recognizing all the members of our class who chose to make a difference through their generosity during our 5th reunion.

Finally, I would like to offer special thanks to our classmates who served on our 5th Reunion and Reunion Gift Committees. Their efforts helped make our class milestone an exceptional one.

With appreciation,

Caroline Hon ’01

A MESSAGE FROM PRESIDENT
SUSAN HOCKFIELD

In June, over 3300 people came back to campus for Tech Reunions. It was my honor to accept the reunion gifts presented by each class.

We are grateful to all of you whose generosity helps MIT stay at the forefront of education and innovation. Your support and participation year after year benefit not only MIT and its students but also the global community where MIT alumni share their knowledge and talents.

You are true ambassadors of MIT!

Sincerely yours,

Susan Hockfield
