

## Current Committee Membership

### **Corporation Joint Advisory Committee on Institute-Wide Affairs**

The purpose of the Corporation Joint Advisory Committee on Institute-Wide Affairs (CJAC) is to associate with the Corporation a representative group at MIT to which the Corporation can turn for consideration and advice on special Institute-wide matters requiring Corporation attention. It provides an additional means for bringing student and faculty representatives into regular communication with the Corporation on matters of long-range importance to the MIT Community. CJAC also serves to acquaint the MIT community more fully with the role and responsibilities of the Corporation.

Harbo P Jensen , Chair \*\* (2011)
