Hi Margaret,

Thanks for the shrimp! I realized we still owe you a payment. For three shrimps, would the payment due be in the amount of \$120.00? And should the payment be made out to "Shrimp Improvement"? As soon as I have this info I will submit the paperwork to have the check processed.

Best regards,
Jeremy Brittan

Dear Margaret,

It seems that we do not have a FedEx shipping number. Could you arrange the shipping to the following address?

Shipping address:
77 Massachusetts Avenue
Room 12-009
Cambridge, MA 02139

As for the payment, could you please contact Jeremy for the payment method? His office telephone number is (617) 253-0471.

Could you please send me the shrimp information before shipping them? I just want to check beforehand. By the way, is it guaranteed that the shrimps will arrive alive?

Best wishes,

Ling Li

Dear Margaret,

Maybe my email is not sent properly. Could you please refer to the email I sent on 17. Aug? We are ready to buy three shrimps. Could you please let me know when you can ship the shrimps?

Best wishes,

Dear Margaret,

OK. I have prepared another separate tank for the shrimps. And I think the tank is now ready for the shrimps.

Here are the details of the order:

Name of specie: *Litopenaeus vannamei* (Synonym: *Penaeus vannamei*, Common name: *Pacific White Shrimp*);

Quantity: *three* shrimps in total, *two female and one male*;

Age: *Adult shrimps*;

I also CC this email to our group assistant, Jeremy, who arranges the payment and shipping issues. You may want to contact him regarding these issues. His email address is jbrittan@mit.edu.

Best wishes,
Ling Li

Hi Ling Li,
I do believe that they would be very likely to eat the other shrimp. They are prone to cannibalism.

Please let me know if I can help in any way.
Have a great day!
Margaret

Dear Margaret,

The other problem is that there are two other anemone shrimps in my tank currently. Do you think the white shrimp will attach or even eat the anemone shrimps?

Here is some general information about the anemone shrimps:

Thanks a lot and I am looking forward to your reply.

Best wishes,

Dear Ling Li,
The filtration should be fine for the 3 adult shrimp.
Please let me know when you require the animals to be shipped.

Thank you,
Margaret

Hi Margaret,

I am using the ordinary filtration system for marine aquariums. The specific information of this filter can be found here:

Thanks,

Hi Ling Li,
The 30 gallons should be fine for the 3 adult shrimps.

Careful with your feeding. What type of filtration will you use?

Thanks,
Margaret

Hi Margaret,

It has been a long time since we contacted last time. I have been working on setting up a aquarium for the shrimp. May I know what are the specifications for keeping those shrimps? My advisor agreed to buy three adult shrimps for the first step. I am wondering whether a common marine aquarium (30 gallons) is OK or not for three shrimps.

I am looking forward to your advice.

Best wishes,
Ling Li

Hi Ling Li,
Our price per broodstock is \$40 plus shipping charges. Do you have a Fed-Ex account number that we could use for the shipping? When are you wanting the shrimp to be shipped?

My mobile number is 305-395-1218. Please call if you have any questions,
Thank you,
Margaret
