This 12 hour course provides basic information on personal safety, awareness, risk reduction and avoidance. RAD teaches practical defensive techniques that require no special skills. This is employed as women learn to be more aware of their surroundings. RAD also offers the opportunity to test these learned skills on a real person during a simulated attack.

Class fee to cover materials, is \$20, **payable to MIT, which must be paid within THREE DAYS of registration.** *Registrants who cancel less than 48 business hours prior to class will not be eligible for a refund.* Attendance is limited to the first 14 women with payment. PE credits are available for students.
