Proxies: Alice for Burton-Conner

Welcome to (some) new presidents and new officers and residence working group members!

Officer Updates

Dining Chairs

- New director of campus dining: Mark Hayes
- RFP out!
 - Timeline is moving forward!

Risk Management

- Had meetings with various house team members
 - Wrote a report
- Working on some small details on event registration (especially re: trying to figure out how to make pregaming safer)
 - Thinking about making party safe training more applicable and accessible,
- Suites in Burton-Conner:
 - Suites were made public, we're trying to see if they can be private again, but since night watch check on them, they're held liable and so it's a complicated situation.
- Basically have approval from almost all heads of houses

- Going to address small groups/managing pregame situation separately, most likely solution is to revamp safe pregame education

RAC

- Going to write up RAC guidelines
- Would like to know who the current RACs are, is going to email presidents

Freshman Room Mural Policy

[reviewing document]

- A couple of minor changes occurred (added in a clause allowing for repainting of rooms in disrepair, discussed other sections of the policy, how to define transfer rooms)

PASSES on first vote

Presentation of Post-REX Survey Results

[Allie and Yuge's presentation!!]

(2017 results in comparison to 2016 results)

Biggest takeaways:

- Generally more satisfied! People have more roommates (shocker!)
- Satisfaction with summer rooming: significantly lower, we're guessing because of Senior Haus
- EC may be skewing some questions toward marginally more satisfied, so presidents should take a look at their individual results
- If presidents send theirs to the other presidents, we can make a bunch of comparison charts

Approved Slate for Dorm Renewal Working Group

- Slate:
 - Serena Grown-Haerberli (Simmons 2020)
 - Joe Murphy (Maseeh 2019)
 - Savanna (BC 2021)
 - Stephanie (NH 2019)
 - Adriana Jacobsen (EC 2020)
- Will be starting in the Spring! Will *hopefully* be done in one semester.
- Results will be general guidelines for relocation and specific details for BC, Random, EC
