Metal and Glass

Soda Cans
Canned Food Containers
Coffee Tins
Aluminum Foil, Trays and Pie Plates
Paper clips and Staples
Bottle Caps
Jar Lids
Jars (lids OK)
Bottles (caps OK)

Confused About Plastic?

That's probably because the number on an item tells what it's made from, not where to recycle it.

If you see a number 1-7, then recycle it. If it is hard plastic but doesn't have a number, put it in a blue recycling bin anyway.

Do not include Styrofoam, or plastic film (i.e. grocery bags, Ziploc bags, and plastic wrap) even though they may have a number 1-7.

Plastic Film has its own designated stream that will be labeled either "Plastic Film" or "Plastic Bags."

Do not include:

Grocery Bags
Newspaper and Produce Bags
Beverage Case Wrapping
Plastic Wrap
Candy Wrappers
Straws
Packaging for Paper Products
Light bulbs
Ceramic and Pyrex Dishes
Metal Cutlery
Styrofoam Packaging
Aerosol Cans
Tissues and Paper Towels
Recyclables Containing Food Waste
