

Vassar Street Graduate Dorms

Weekly construction update: 7/25/2022

This forecast of construction activities will be issued on a weekly basis throughout the duration of the project. For each activity we will note anticipated effects, including noise, dust, vibration, or odors. There may be occasions when the construction activities will cause inconvenience to your research, teaching, studies, or work. Our goal is to provide you with timely information to help you plan and manage your daily activities during the construction.
