MIT Campus Map
Welcome to MIT
All MIT buildings are designated by numbers. Under this numbering system, a single room number serves to completely identify any location on the campus. In a typical room number, such as 7-121, the figure(s) preceding the hyphen gives the building number, the first number following the hyphen, the floor, and the last two numbers, the room.
Please refer to the building index on the reverse side of this map, if the room number is unknown.

Use the online campus map:
