UK denote barcode differences on gift box and master carton for customer separation in USA WAREHOUSE only. No change on design or 345CXSX CDF. XXX denotes color difference only.

Electrical system for personal E-mobility devices, Model(s): H1-MFSC-XXX suffix of product model name can be with or without XXX, and XXX stands for color abbreviation.

Electrical system for personal E-mobility devices, Model(s): H1-MFSC-XXX-21BZ suffix of product model name can be with or without XXX, and XXX stands for color abbreviation.

Electrical system for personal E-mobility devices, Model(s): H1-REBL-XXX where XXX may alphanumeric that represent colors of enclosure of the Self-Balancing Scooter. XXX may blank.

Electrical system for personal E-mobility devices, Model(s): H1-RENE-XXX where X stands for numbers 0-9 or letters A-Z

Electrical system for personal E-mobility devices, Model(s): H1-RGPRO-XXX suffix of product model name can be with or without XXX, and XXX stands for color abbreviation.

Electrical system for personal E-mobility devices, Model(s): H1-RGPRO-XXX-21BZ suffix of product model name can be with or without XXX, and XXX stands for color abbreviation.

Electrical system for personal E-mobility devices, Model(s): H1-SPFY-21B-XXX where XXX may alphanumeric that represent colors of enclosure of the Self-Balancing Scooter. XXX may blank.

Electrical system for personal E-mobility devices, Model(s): H1-SPFY-XXX where XXX may alphanumeric that represent colors of enclosure of the Self-Balancing Scooter. XXX may blank.

Electrical system for personal E-mobility devices, Model(s): H1-SPR-21B-XXX where XXX may be alphanumeric that represent colors of enclosure of the Self- Balancing Scooter or may be blank

Electrical system for personal E-mobility devices, Model(s): H1-SPR-CMB-21B-XXX where XXX may be alphanumeric that represent colors of enclosure of the Self- Balancing Scooter or may be blank

Electrical system for personal E-mobility devices, Model(s): H1-SPR-CMB-XXX where XXX may be alphanumeric that represent colors of enclosure of the Self- Balancing Scooter or may be blank

Electrical system for personal E-mobility devices, Model(s): H1-SPR-XXX where XXX may be alphanumeric that represent colors of enclosure of the Self- Balancing Scooter or may be blank

Electrical system for personal E-mobility devices, Model(s): H1-TRB-21B-XXX suffix of product model name can be with or without XXX, and XXX stands for color abbreviation.

Electrical system for personal E-mobility devices, Model(s): H1-TRB-CMB-21B-XXX suffix of product model name can be with or without XXX, and XXX stands for color abbreviation.

Electrical system for personal E-mobility devices, Model(s): H1-TRB-CMB-XXX suffix of product model name can be with or without XXX, and XXX stands for color abbreviation.

Electrical system for personal E-mobility devices, Model(s): HY-MATRX Prefix of H1, DSA, DSA-AH denote barcode differences on gift box and master carton for customer separation in USA WAREHOUSE only. No change on design or CDF.

Electrical system for personal E-mobility devices, Model(s): HY-MATRX-XXX Prefix of H1, DSA, DSA-AH, denote barcode differences on gift box and master carton for customer separation in USA WAREHOUSE only. No change on design or CDF. XXX denotes color difference only.
