Vehicle Description: Registration _____ Make _____ Model _____

Dept. on campus _____

CERTIFICATE OF INDIVIDUAL ELIGIBLE TO REGISTER VEHICLE

I hereby certify that:

1. I understand that persons who are allowed to drive on an Air Force installation are deemed to have consented to a chemical test (*Blood-alcohol test, breathalyzer, or urinalysis*) to ascertain the alcohol or other drug content of their blood when they are cited or apprehended on base for a traffic violation and intoxication or use of drugs is suspected. I understand that a refusal to take a chemical test by anyone operating my vehicle when requested to do so by the police will normally result in a one-year revocation of base driving privilege.
2. As a condition for registering and operating motor vehicle(s) on a military installation,
 - a. I will comply with the financial responsibility, compulsory insurance, or no-fault insurance requirements of the state of registration.
 - b. I will comply with applicable state and AF requirements for motor vehicle registration and inspection.
 - c. I will continue to possess a valid operator's license and so will every other authorized operator of the vehicle or vehicles.
 - d. I will observe posted speed limits.
 - e. I will park in designated areas only.
 - f. I will affix MIT Lincoln Laboratory decal on lower corner (driver's side) exterior of the windshield.
 - g. Motorists and passengers are required to wear safety belts.
 - h. The use of any portable headphones, earphones, or other listening devices while operating a motor vehicle is prohibited at all times unless using "hands-free" technology and then only if it does not interfere with the safe operation of the vehicle.
 - i. I will remove and return to MIT Lincoln Laboratory Security Services Department any issued decal from my vehicle(s)
 - Upon termination of employment;
 - If I replace my windshield, or when I dispose of or transfer my vehicle;
 - If my registration privileges are terminated for cause.
3. I understand that AF installation traffic regulations provide for the removal and temporary impoundment of private motor vehicles that are parked illegally for unreasonable periods, disabled by accident, left unattended in a restricted or controlled area or abandoned, and I agree to reimburse the United States for the cost of towing and storage should my motor vehicle(s), because of such circumstances, be removed and/or impounded.
4. I understand that cell phone use while driving on base is prohibited unless used in the hands-free mode.
