IRDF Photo Gallery Contest

Calling all photographers!

The Grant Committee of the Independent Residence Development Fund (IRDF) would like to create a photo gallery of IRDF funded projects in the FSILGs. Over the last five years, the IRDF has provided to houses $7.2 million dollars in grants. The Grant Committee would like to use this gallery to highlight the benefits the IRDF has provided to houses and to assist with fundraising for the IRDF. To accomplish this goal, a contest is being held from now until October 15, 2011.

How To Participate:

Step 1: Take pictures of areas or items that the IRDF has funded in your FSILG. If you are unsure what in your house was IRDF funded, contact your undergraduate or alumni treasurer or Scott Klemm with the FCI.

    Photo guidelines: Take pictures of clean areas or items that would make your peers, your parents, and your alumni proud. Students may be in the pictures, but submissions with students must include their names, affiliation, and contact information, so the IRDF committee can obtain written authorization from the students that their image may be posted on the IRDF website. No food or drinks may be in the pictures.

Step 2: Prepare your photos to be posted on the internet as is. Edit, crop, adjust, etc. as necessary to yield the best photo for an internet slide show.

Step 3: E-mail your photos to irdf@mit.edu by October 15, 2011. For each winning photo, the IRDF Grant Committee will give the photographer a $50 gift card as a prize. The committee plans to make many awards.

To learn more about the IRDF, visit http://web.mit.edu/irdf/.

Good luck!
