

# Contacting your Prefrosh

- Call and/or email your prefrosh as soon as you receive her information
- You must **contact your prefrosh before 9:00 pm on the Monday prior to CPW (April 7)** or he will be reassigned to another host
- If, on Tuesday, April 8, we have received calls/emails from prefrosh who have not been contacted by their host, **we will reassign them** to a backup host
- Introduce yourself to your prefrosh and assure him that he will have a place to stay (with you) over the weekend
- Confirm your prefrosh's arrival time and **make plans with her to meet** her once she arrives at MIT
- Give him your full name, residence, room number, and phone number in case he needs to reach you
- **Be sure to exchange contact information** (e.g. cell phone numbers) for CPW
