

# Meeting up with your Prefrosh

- **It is your responsibility to meet your prefrosh** as close to her arrival time on campus as possible!
- It will take students different amounts of time to get to campus depending on whether they are arriving by plane or ground transportation
- If your prefrosh is arriving by **plane**, you should plan to meet him 1 – 1½ hours after his plane's arrival at Logan
  - MIT shuttles will be running all day to bring prefrosh from Logan to MIT
- If your prefrosh is arriving by **ground transportation**, you should plant to meet her ½ hour after she arrives in Boston
  - If your prefrosh is taking the T to campus, it is nice to meet at Kendall and take the TechShuttle/Northwest to the Student Center
- We recommend you meet your prefrosh in/around W20
