

Our crust is produced for us by Haley House, a homeless services provider in the South End. It is made with 100% organic flour, yeast, and salt.

Our produce is 70% grown locally, our organic tofu is made in Jamaica Plain, and our ice cream comes from Christina's in Inman Square

Two percent of our profits and 100% of T-shirt profits go to Food For Free, a non-profit organization feeding the hungry in Cambridge. T-shirts are \$12.00 and fit adults, children, dogs, and large domestic birds.

"Health experts recommend that we all strive for 5 or more servings of fruits and vegetables per day. Veggie Planet makes this goal both easy and delicious." Dina Aronson, RD for Fox 25 News

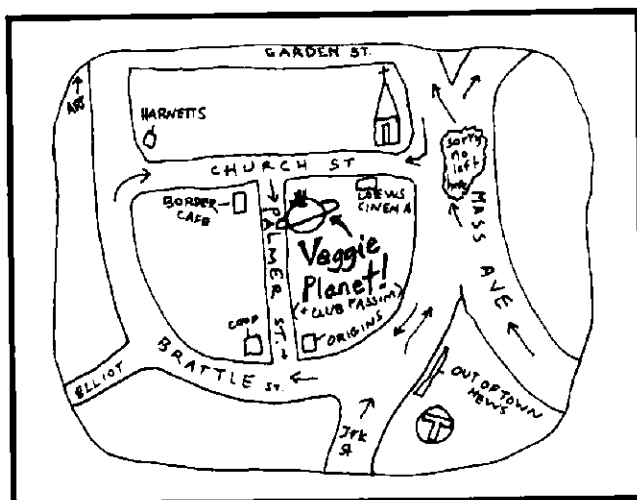

Overheard by music greats since our start in September::

"Hey Hey, My My, Caesar on a Crouton will never die."
- Neil Young

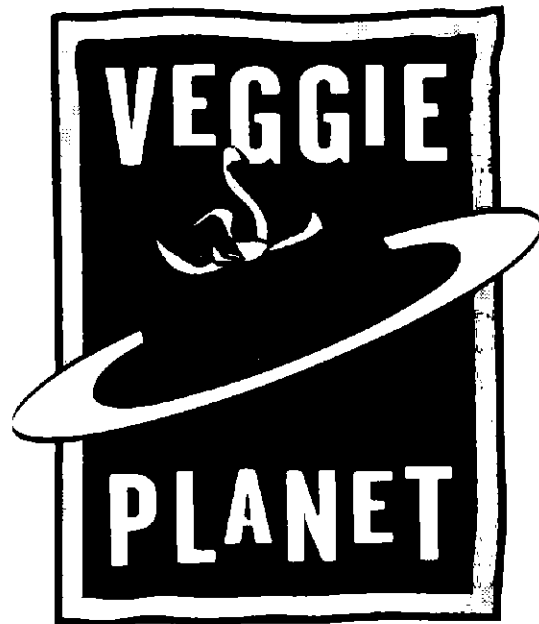

"Lay, lady, lay down that pizza on my big brass bed."
- Bob Dylan
