

Thank You!

Dear Marketka and Joe,

many thanks for all your opportunity, during my stay here. I really enjoy staying with you and as I told you the gun exercise was one of the best of my relaxing time during the past time. And as a usual the steak was fantastic! But much more important for me was the you are going well and you have a nice plan for your live. I, and of course, mom too, are crossing fingers to your success live!

Take care and stay in touch with us.

Love,
dad
