

After some searching, I found  
the bridge article you wanted  
-together with others- in a stored place.  
The bulletin copies included a parallel  
happening to that of your son.

In a major tournament, I played with a fellow who  
needed a few gold points for his mastership. He  
made it. (See asteriks in 3).

You will probably get a kick out of "1"  
and "4".

Sam
