

Getting here: CTL Alumni ReConnect Day

By plane:

- The nearest airport is Boston's Logan International. It is approximately seven miles from MIT, a cab can take anywhere from 10 to 30 minutes and the fare is roughly \$25. The cab fare from Logan is always a bit more than the return to Logan because a surcharge is added at the airport plus a tunnel toll to get through Boston from the airport. (~\$5 total)
- Allow a minimum of 2 hours for travel time and security checks at Logan when booking your return flight.
- It really is not a good idea to rent a car; the expense on top of poorly marked streets makes this more of a nuisance than a convenience.

By car:

If you will be driving to MIT, MapQuest offers excellent mapping services. When mapping your directions, use 2 Cambridge Center, Cambridge, MA; this is the address of the self-parking garage located adjacent to the Cambridge Marriott Hotel. The cost is roughly \$20/day for self-parking. This garage is not owned or operated by the Marriott.
