### Conference Tote Bag

The tote bags for the 2007 conference were donated by **ACAD-Plus, Inc** and **FAMIS**.

**ACAD-Plus** is a full-service firm specializing in Document Management (DM), Engineering Content Management (ECM), and Integrated Workplace Management Systems (IWMS) software and services in the Facilities Management (FM) industry. ACAD-Plus is a premier Solutions Partner for BlueCielo (formerly Cyco), focusing on the unique document management challenges in the university FM environment. ACAD-Plus developed IntelliModules to enhance BlueCielo's Meridian software to match the integration requirements of our University FM customers. This solution integrates Meridian with existing Project Management, Maintenance Management, and Space Management systems.

ACAD-Plus also developed FMG-Plus and the FAMIS AutoCAD Interface, the most powerful and flexible solution for linking AutoCAD drawings to FM data. To round-off our full-service approach we provide "as-built" field verification and drafting services, having documented more than 400M square feet of facilities worldwide.

The best and brightest from corporate, government and educational institutions use **FAMIS Xi** as their Integrated Workplace Management System (IWMS) of choice. FAMIS Xi is designed by facilities management experts FOR facilities management experts, and that makes a big difference to professionals. FAMIS Xi enables your entire facilities life-cycle—from real estate acquisitions to operations, maintenance, facilities management, project management and performance metrics—to be handled by a single suite of standards-based, web-architected software. The FAMIS Xi suite creates a seamless, collaborative environment in which employees, customers, suppliers, contractors and partners all work as one, on the same page, toward common goals set and monitored by you. The result is a

dramatic increase in your ability to execute your vision, adapt to change and maintain your crucial competitive advantage; not to mention benefit from a hard, quantifiable ROI.

## Tuesday night - Welcome Reception

The conference's Welcome Reception, which will be held on an upper terrace of the Frank Gehry-designed [Stata Center](#), has been generously sponsored by **Autodesk**

The Autodesk logo, featuring the word "Autodesk" in a bold, blue, sans-serif font, centered within a light gray rectangular background.

Since 1982, Autodesk has ushered in state-of-the-art 2D and 3D technologies that let customers visualize, simulate, and analyze the real-world performance of their ideas early in the design process. This gives our customers the flexibility to optimize and improve designs before actually executing them. Autodesk customers not only see, but experience, their designs before they are real, empowering them to save time and money, improve quality, and foster innovation.

### About Autodesk and Education

Whether you are a middle school, community college, or university, Autodesk has a design solution to meet your needs. Autodesk's innovative educational programs reflect our commitment to academic achievement and lifelong learning. We offer programs and specially priced software-purchasing options tailored to educational institutions, students, and faculty. We also offer classroom support, including standardized curricula developed by educators, instructor development, and a rich assortment of online learning resources.

### About Autodesk and Facilities Management

No matter the campus size, facility managers and planners have a lot of information to assimilate and process. Take charge of your facility drawings, markups, spreadsheets, reports, requests, and more. Always be ready. With Autodesk® FMDesktop software, you and your employees can access, integrate, and distribute important facility information through an intuitive interface purpose-built for facilities professionals. Platforms and technologies used industry-wide, such as AutoCAD®, DWF™, and Microsoft®

Excel® software, as well as Autodesk® Architectural Desktop 2007 and Autodesk® Revit® Building 9.1 applications, are compatible with Autodesk FMDesktop, effectively uniting professionals of all backgrounds and skill sets. Even in the most complex facilities, simpler is always better.

## Wednesday Morning Breakfast

Breakfast this morning has been sponsored by **VFA, Inc.**

Headquartered in Boston, **VFA, Inc.** is the leading provider of end-to-end solutions for facilities capital planning and asset management. VFA's Capital Planning and Management Solution (CPMS™) uniquely combines facility assessment services, Web-based software and business consulting services to enable clients to manage every stage of the capital asset lifecycle—from requirements gathering and long-term planning to capital budget creation and spend management. VFA has helped more than 350 organizations in corporate, education, government and healthcare markets to strategically manage more than two billion square feet of real estate. For more information, please call 800-693-3132 or visit <http://www.vfa.com>.

## Wednesday Lunch

The Wednesday Lunch has been sponsored by **Network Digicality**.

**Network Digicality** provides enterprise facilities information software and professional services to select institutional clients in Higher Education. The FacilitiesLink Program(TM) embodies today's best practices for managing institutional facilities information in Higher Education. Our business is helping to advance administration of the institutional clients we serve.

## Thursday Afternoon - Door Prize Drawing

The Drawing itself has been sponsored by **ESRI**

**ESRI**

[www.esri.com](http://www.esri.com)

With annual sales of more than \$660 million, **ESRI** has been the world leader in the geographic information system (GIS) software industry for more than 30 years. As the leader in GIS technology, ESRI offers innovative solutions that will help you create, visualize, analyze, and present information better and more clearly. Working with location information, ESRI's GIS software and solutions give you

the power to solve problems you encounter every day. Organizations around the world, as well as local, state, and federal government agencies, are using ESRI GIS software to make smart and timely decisions. ESRI provides powerful GIS solutions to more than 300,000 clients in more than 200 countries including more than 7,000 colleges and Universities. In fact, ESRI is leading the industry in providing mapping technology that meets today's global needs. ESRI offers GIS solutions to help you unlock the spatial component of your valuable data and see your organization's information from a new perspective. [www.esri.com](http://www.esri.com)

We also thank the following conference sponsors and exhibitors, who have generously donated the door prizes themselves:

**ARCHIBUS, Inc.**

A 30GB Apple iPod

**ESRI**

A bundle including a certificate for a Virtual Campus Education Course, a certificate for one ArcPad license, two books ("modeling Our World" and "Getting to Know ArcGIS"), an ESRI bag, and CD holder.

**Google SketchUp**

Two copies of SketchUp Pro

**Indus Systems, Inc.**

A golf club

**INSITE**

Five printed and bound copies of the new 2006 edition of the NCES "Postsecondary Education Facilities Inventory and Classification Manual (FICM)", autographed by the Chair of the national Working Group on Postsecondary Facilities

**MIT  
Department of Facilities**

A gift certificate to the MIT Coop, across the plaza from the hotel. In addition to being a full bookstore, the Coop offers a complete line of MIT insignia clothing and gifts.

**IMAGINiT Technologies**

A Melitta Pod Brewing System, for both coffee and tea.

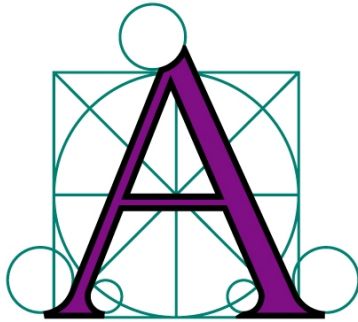

**Chas. H. Sells, Inc.**

Sony Cyber-shot® S650 Digital Camera, 7.2 megapixels, 3x optical/2x digital zoom

## Thursday night - Dinner Cruise

The Thursday evening dinner cruise on Boston Harbor has been sponsored by **ARCHIBUS, Inc.**, and **CFI**.

**ARCHIBUS, Inc.**

ARCHIBUS is the #1 global provider of real estate, facilities, and infrastructure management solutions and services with expenditures for ARCHIBUS-related products and services exceeding \$1.5 Billion (USD). With ARCHIBUS, organizations can use a single, comprehensive, integrated solution to make informed strategic decisions that optimize return-on-investment, lower asset lifecycle costs, and increase enterprise-wide productivity and profitability. More than 3,000,000 ARCHIBUS enterprise and Web users collectively manage over 4 million properties with organizations reporting facilities-related cost savings as high as 34%. Headquartered in Boston, Massachusetts, ARCHIBUS, Inc. has pioneered computer-aided facilities management technologies since 1982. For more information, call (+1) 617-227-2508 or visit: [www.archibus.com](http://www.archibus.com).

Since 1990, **CFI** had been providing consulting and information technology services to Real Estate, Design and Construction, Maintenance and Facility Management departments as trusted advisors and business partners. With over 750 million sq. ft. and 5,000 seats of client solutions deployed, we are experts in the field of facility management and corporate real estate technology.

As the largest facilities / real estate technology service provider in America we can draw upon our vast client experience to bring best practices and proven processes to your implementation.

Our services include three primary activities:

- Facility Management Consulting
- Facility Management Systems Integration
- Facility Management Business Process Outsourcing

Visit our website at [www.gocfi.com](http://www.gocfi.com) for more information.

To them, it's on-demand reporting

To you, it's campus reporting that's demanding

**Facilities managers see things differently.**

As a Higher Education FMer you know that any opportunity to reduce facilities and infrastructure expenses benefits the bottom line. But you may not know that, with the data maintained in an ARCHIBUS Total Infrastructure and Facilities Management (TIFM) System, you can analyze how to best leverage physical assets to contain costs, increase overall performance, and support long-term objectives.

You can have personalized dashboards that show a cross-section or snapshot of facilities information, such as the up-to-date status of your campus portfolio. Meanwhile, you help demonstrate the role of a TIFM solution in your organization's strategic planning, and enhance your own career. It's time for a software solution that sees things from your point of view—ARCHIBUS.

*Users can access personalized, intelligent dashboards to drill-down through critical information and 10,000+ reports "out-of-the-box"*

*Visit us at Booths 6 and 7*

**The #1 Solution for Total Infrastructure and Facilities Management in the World**

Over 3 million users managing 16 billion square feet prove it daily
