Subject: OSP Roundtable Discussion: "Intellectual Property", Thursday
October 4, West Lounge, Stratton Student Center

Welcome to the 2008 OSP Roundtable Discussions. Our first discussion will be next Thursday, October 4, from 9-10AM in the West Lounge, Stratton Student Center. The topic will be "Intellectual Property." Erin Hall, Contract Specialist and Jennifer Ponting, Contract Specialist, in OSP, will begin their discussion with following situation.

Principal Investigator J. Dodd has been discussing a possible research collaboration with a friend and colleague, Dr. Hare who works for Queen of Hearts Technology Inc. ("QHT"). Dr. Hare has told PI Dodd that QHT is excited about the collaboration but wants to be sure that any intellectual property that arises from the collaboration will be owned, controlled and managed by QHT.

- Is this something that PI Dodd can agree to?
- What potential problems can arise if PI Dodd does agree?
- Where can PI Dodd go for assistance?

Come to the OSP roundtable to learn the answers to these questions and more!

Eileen Nielsen
Assistant Director, Compliance
Office of Sponsored Programs
