CARLYLE COMPRESSOR COMPANY, DIV. OF CARRIER CORP., SYRACUSE, N. Y.

UL AND CSA STATUS OF 5F, H COMPRESSORS

Some of our OEM's may not be aware that many of the 5F, H compressors which we currently produce are UL Listed and CSA Certified. This UL Listing and CSA Certification may be a valuable aid in obtaining local or national code approval on units which use these compressors. Shown below is the model number and other pertinent data covered by this listing.

<u>Model</u>	<u>Design Pressures</u> <u>Low Side/High Side</u>	<u>UL Control #</u>	<u>UL File #</u>	<u>UL Guide #</u>	<u>CSA Guide #</u>
5F20	205 psi/405 psi	721S	SA 5605	361-E-0	SLPR
5F30	"	"	"	"	"
5F40	205 psi/325 psi	"	"	"	"
5F60	"	"	"	"	"
5H40	"	"	"	"	"
5H46	"	"	"	"	"

This UL Listing and CSA Certification covers refrigerants R-12 22, 500 and 502. Stickers will appear on the above compressor later this fall showing that these products are UL Listed and CSA Certified. The 5H60 thru 5H126 compressor models are not now UL Listed or CSA Certified, nor are they expected to be listed or certified in the future.
