RESEARCH SUPERVISION FORM (For Supervisors from MIT Physics Faculty)

Students are reminded that eligible research supervisors include all faculty members from MIT's Department of Physics or Senior Research Scientists who are appointed by the Department of Physics. Students who desire supervision from another source (i.e., other MIT departments, other Universities, Senior Research Scientists with appointments in labs/centers, etc.) require a co-supervisor from within the MIT Department of Physics. The **Research Co-Supervision Form** should be utilized in that scenario.

(Please Print or Type)

Student Name: _____ **Date:** _____

New Research Supervisor: _____

New Source of Funding: _____

Effective Date of New Funding: _____

Signature of New Supervisor

Signature of Student

- Please submit this form to Academic Programs (4-315) at least one month prior to the effective date of change.
- All account numbers from the new source of funding should be sent by the Supervisor to the Physics Fiscal Office (NE25-4015 or to gcordova@mit.edu) as soon as possible to ensure continuous payments.
