## ENGLISH

Why flee this garish techno dream  
Neon lights flicker in the rain  
What human or mere robots scream  
Is it real or imagined pain

The geisha pouts in streets which teem  
Name her price she's yours to gain  
Why flee this garish techno dream  
Neon lights flicker in the rain

Of dark shadows and stinking steam  
This place is built. And bloody stain--  
poetry on a ninja's slain  
form. In moonlight metal limbs gleam.  
Why flee this garish techno dream?
