

**Penny Pub**

**First Drink's On Us!**

Prompt service; great taste! Marie, our mixologist, and her team of four will explain the process with gusto! This is not your typical roadside inn. We select and we arrange our ingredients with care.

Repeat this for a treat: Ask for a Lime Rickey, Moscow Mule (or Reindeer, with peppermint), or an Island Spice. Our specialties will never disappoint! It all costs just pennies, too - we slashed all our prices with a knife!

## Did you know? Celebs love Penny Park!

Over the decades Penny Park has won visits by huge luminaries like Trey Anastasio (who sang Phish masterpiece *Carini*); Steve Jobs (founder of Apple Computers); Ed Trotta (lent his voice to the druid Malfurion Stormrage); Friedrich Miescher (DNA guy); James Smithson (the namesake, in 1832, of the zinc mineral smithsonite); Alexon (undertook mercenary work in Carthage); and more! Penny Park was fined after a clown fell on Dave Barry when attempting a headstand millimeters away. We've hosted also Edward Ord (yellow fever later killed him); Heraclitus (who discovered that both Mercury & Venus orbit the sun); four presidents; plus William Statsky (author of some legal thesauri). And finally, we'd be remiss if this list ignores our most die-hard celeb fan: David Sedaris (who was thrice Humorist of the Year).

WELCOME TO CASTLE REGION

No animals allowed in Penny Park! Leave your pets at the Penny Pound when you enter, and they'll be waiting for you on the other side.

The sounds of dawn and sylvan opportunity  
Worn like velvet tulle upon the site of Midas  
Thy gaze would... halve the time; run it in reverse  
And add red blush into the mix-up of grey age.  
Thy veil upon the road; upon the gate thy shift.

— Corinne Evens, "Ode to Penny"; June six

## OP-ED: THE OTHER SIDE OF THE COIN

The latest whiz-bang rollercoasters can cost a pretty neat sum, but I don't put much stock in neon lights and adrenalin. For my money nothing beats the regal arcade at the Castle. The sights, the smells, the food! If you like sweets you're in for a surprise. In for a pound of delicious kettle corn too, so light it's like a miracle from heaven.

And the games in my day were worth vying for. Your thoughts might be "scam"; but they're so cheap, who knows what the amount saved is? A salesgal earned her wages fairly, to be sure, by offering deals too good to miss. Moneylenders are hardly needed when it's all so cheap! Of course prices these days are so much more dreadful.

But enough tripping down memory lane. Whatever your interests, at the Castle you're sure to get your money's worth. Every family will love the jugglers; I won't hear otherwise. The clown show will amuse; the acrobats will astound. Some advice - don't wear shoes that'll pinch. I recommend oxford loafers, and you'll get a full day of fun!
